

BOSTON HEMOPHILIA CENTER (BHC) FACTOR PROGRAM PHARMACY STAFF

We take pride in our customer service and we look forward to making the delivery of your factor and supplies quick and easy. You can reach us at #781-575-0139 during normal business hours. After hours, this number connects you to our answering service. At your request, they will page us for urgent shipments.

John Pelkowsky has been the pharmacy manager for the BHC Factor Program since 2005. He has a bachelor's degree in pharmacy from Northeastern University and a standing license in the state of Massachusetts. At home, John is a handyman and stays busy raising three daughters.

Christine Chau has been the dedicated nationally-licensed pharmacy technician for the BHC since 2007. She has a bachelor's degree in pharmaceutical science from Massachusetts College of Pharmacy and is very interested in holistic health. She is bilingual in Vietnamese and English, and spends her free time spoiling her two nephews.

Kristen Slowe has been a clinical pharmacist with New England Life Care Home Infusion since 2010, and began working with BHC Factor Program in October, 2019. She received her PharmD degree from Massachusetts College of Pharmacy and Health Sciences after obtaining a BA in Psychology from Boston University. Outside of work, Kristen enjoys painting, pencil sketching, and spending time with her family.

Courtney Branch joined the BHC Factor Program in September, 2019. After graduating from Mount Holyoke College in 2010 with a degree in Biological Science, she launched her career as a nationally-certified pharmacy technician. Courtney enjoys spending time with her family, going to concerts, and playing with her dog, Lulu.

Clifford Haas has been the BHC Factor Program Administrator/Operations Manager since 2001. He holds a BSc degree from UMass Boston and an AS degree in nursing. In addition to spending time with his family (wife, two daughters and parrot), Cliff enjoys industrial design, home projects, photography, music, movies, the power of faith and the great outdoors.
